Downtown OKC in 2020

Oklahoma City will start the next decade with a new landscape as four game changing projects will soon come to fruition in the city's core.

A new \$277-million convention center, which is projected to open in 2020, will feature nearly 200,000 square feet of exhibit space, a 30,000-square-foot ballroom and 45,000 square feet of additional meeting space. Adjacent to the convention center will be a 605-room headquarters hotel operated by Omni Hotel & Resorts.

In addition, the 70-acre, fully programmed Scissortail Park will be directly across the street from the convention center and the first 40-acres will open in 2019. To connect these amenities and to the rest of downtown, the Oklahoma City Streetcar will start service later this year.

What is MAPS?

MAPS is Oklahoma City's pay-as-you-go, temporary-sales-tax, capital investment program. Downtown has attracted more than \$5 billion in public and private investment since the original MAPS projects.

MAPS I - \$363-million package, nine projects including:

- Chickasaw Bricktown Ballpark
- Bricktown Canal
- Oklahoma River
- Chesapeake Energy Arena

MAPS for Kids - \$700-million package that renovated or rebuilt every school in Oklahoma City limits

MAPS 3 - \$777-million package, eight projects including:

- Modern Streetcar
- Whitewater rafting facility
- A new convention center
- 70-acre downtown park
